BIRD QUESTIONNAIRE

Please answer the following questions as completely as possible and bring the completed form with you at the time of your appointment. If you have a Telephone Consultation scheduled, please either mail or fax the completed form to us, prior to that time along with a video of your pet. This video should be a "day in the life" of your pet- where it eats, sleeps and plays. It should NOT contain any episodes of aggression if that is the problem.

The completed behaviour record helps us to assess the environment, social interactions, and behaviour of your bird, and hence determine the possible cause(s), prognosis and specific treatment protocol for their problem(s). Specific questions about the problem behaviour(s) will be asked during your visit/telephone call.

GENERAL INFORMATION

Your Name: Address:			D . C . 1	
Home Ph: Mobile Ph: Email:			Post Code: Work Ph: Fax:
